

PRODUCT DESCRIPTION

The WTE Series Cabinet is available in 5 different heights and 2 different depths (18.5" & 25.5"). The basic welded cabinet has a 14 gauge bottom panel with a 5" x 16" cable opening, 16 gauge ventilated side panels, a 16 gauge open top panel with a solid 16 gauge filler panel and 1 pair of fully adjustable 11 gauge mounting rails punched and tapped 10-32 holes on standard E.I.A. universal spacing. The cabinet features a ventilated 16 gauge rear door and a 16 gauge solid front door. Both doors are equipped with cylinder locks and keys (keyed the same).

Additionally, a 16 gauge angled lacing bar is supplied with 1/4" x 7/8" holes on 3" centers.

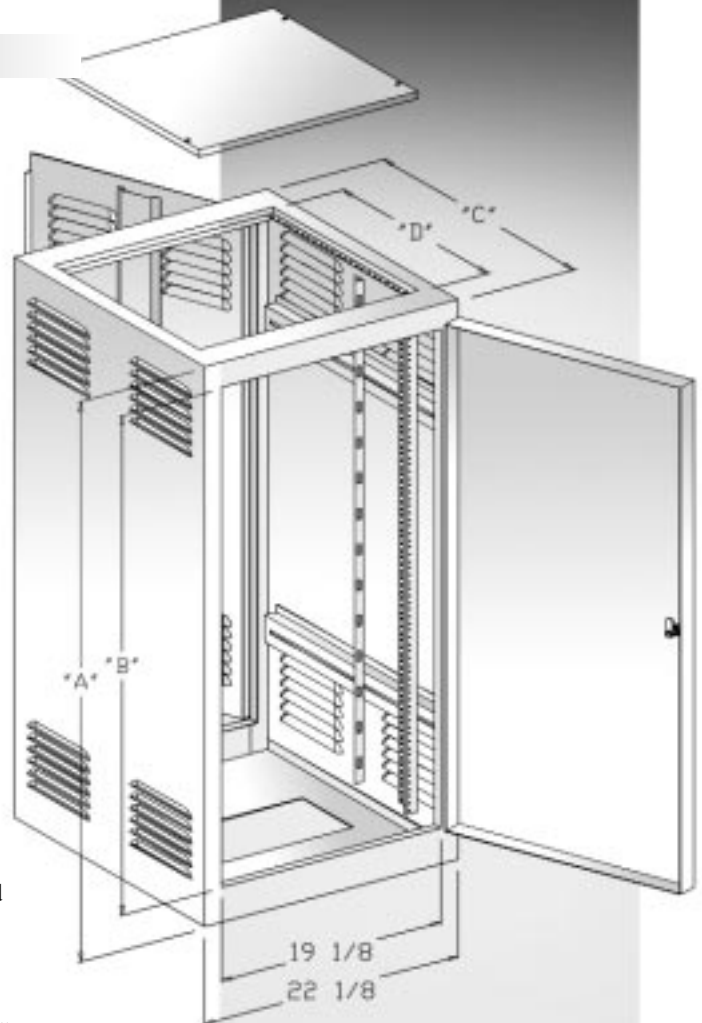

STANDARD FEATURES

- Standard completely welded assembly, offered in 5 different heights and 2 different depths (18.5" & 25.5")
